

Rainforest Action Network

1) How has the current economy affected the need of services that you give to the community?

The economy has not affected our need for services to any measurable extent. The world's forests, however, are at greater risk as people look for ways to make money and often turn to exploiting the natural environment more aggressively.

2) How has the current economy affected the donations of goods and services that your organization receives?

The turndown has affected donations (financial) by 14.4% in the last fiscal year.

3) How have the services that your organization provides to the community affected our local economy?

Our local economy fell by 6 active positions at the organization and 3 frozen positions for a net impact of 9 positions that weren't part of contributing to the local economy last fiscal year.
